Description

The geographic boundaries of Juab County are described as follows:
Beginning at the intersection of the second standard parallel south with the divide between Cherry and Faust Creeks, thence west to the boundary of the state; thence south to a point due west of the mouth of the lower canyon of the Sevier River; thence east on township line between townships 14 and 15 south to the middle of the channel of said river; thence northeasterly up the channel of said river to its point of intersection with the summit, if prolonged, of the range separating Oak Creek District from Little Valley; thence southerly along the summit of said last mentioned range to the summit of the high ground and mountains between the Round and Little Valleys; thence east on section line nearest the last mentioned summit to the southeast corner of section 16, township 17 south, range 2 west; thence south to the southwest corner of section 22 near the top of the dugway on Sevier Hill; thence east on the section line to the southeast corner of section 24, township 17 south, range 2 west; thence north on the range line between ranges 1 west and 2 west to the northwest corner of lot 11 in section 18, township 17 south, range 1 west, Salt Lake base and meridian; thence east on section line to the southwest corner of section 8, township 17 south, range 1 west, Salt Lake base and meridian; thence north on section line to the southwest corner of section 32, township 16 south, range 1 west, said section corner being about half a mile northerly of the Upper Bluffs or Painted Rocks on the Sevier River; thence east on the township line to the southwest corner of section 34, township 16 south, range 1 west; thence north on section line to the northwest corner of said section 34; thence east on section line to the southeast corner of section 25, township 16 south, range 1 east; thence north on the range line between ranges 1 and 2 east to the northwest corner of township 16 south, range 2 east; thence east on township line between townships 15 and 16 south, range 2 east, to the northwest corner of section 4, township 16 south, range 2 east; thence north on section line to the northwest corner of section 16, township 13 south, range 2 east; thence east on section line to the quarter section corner common to sections 10 and 15 of said township and range; thence north on quarter line through section 10 to the quarter corner common to sections 3 and 10; thence east on section line to the southwest corner of section 2; thence north on section line to the quarter corner common to sections 2 and 3; thence east on the quarter section line through said section 2 to the quarter corner common to sections 1 and 2; thence north to the northeast corner of said section 2; thence east on the township line between townships 12 and 13 south to the southwest corner of township 12 south, range 3 east; thence north on range line between ranges 2 and 3 east to the northwest corner of section 31, township 12 south, range 3 east; thence east on section line to the southwest corner of section 27; thence north on section line to the southeast corner of section 9; thence west on section line to the southwest corner of section 8; thence north on section line to the northwest corner of section 8; thence west on section line to the southwest corner of section 6; thence north on range line between ranges 2 and 3 east to the northwest corner of township 12 south, range 3 east; thence west on township line between townships 11 and 12 south to the summit of the Nebo Range; thence northerly along the summit of the Nebo Range to the summit of the high ground and range between the Utah and Juab Valleys; thence along the last mentioned summit and the summit between the Goshen and Juab Valleys and the summit between the Tintic Valley and the Cedar and Goshen Valleys and the summit between the Tintic and Rush Valleys to the point of beginning.

Narrative

This map has been created to fulfill the requirements under Section 17-50-104, State of Utah Code: Counties of the state – County boundaries maintained by Lieutenant Governor. The counties of the state are those whose geographic boundaries are described in the official county boundary records maintained by the office of the lieutenant governor and may be changed only in accordance with the provisions of this title. The office of the lieutenant governor shall maintain the official county boundaries for the counties of the state and update those boundaries upon the lieutenant governor's issuance, under Section 67-1a-6.5, of an applicable certificate, as defined in that section. The county boundary described on this map has been created from the original county description. If changes have been made to the county boundary in accordance with the provisions outlined in state code, the changes are shown in the graphic representation of the boundary; the calls from the boundary adjustment plat have been added to the original description and a reference to the certification document points to the area of change. This map provides a general graphic location of the boundary without being tied to the ground using the Public Land Survey System. If more accurate information is needed, a ground survey is required.

Certification

I Sean A. Fernandez, Professional Land Surveyor, as prescribed by the laws of the State of Utah and holding license No. 312775 do hereby certify: That this map was prepared by me or under my direction together with the best available data; That due care was exercised in preparing this map; That this map is a geographic representation of the County Boundary to the best of my knowledge and conviction.
